## SKILLS

Leadership

Time Management

Self-Motivated

Problem-Solving

Critical Thinking

Adaptability

Organization

Communication

Team Player

Interpersonal Skills

Creativity

Ambitious

Innovative

## SUMMARY

I am a highly motivated, ambitious learner, interested in Cybersecurity from malware analysis to threat intelligence. While maintaining technical prowess, I pride myself on my communication and leadership skills in an extremely technical industry. I am always learning and growing.

## RELEVANT WORK EXPERIENCE

### Cybersecurity Analyst Intern

Aug 2022 - Present

Tennessee Valley Authority / Chattanooga, TN

- Perform Cybersecurity assessments on cloud platforms and software including vulnerability assessments with Nessus, OSINT on vendors, known breaches and product common vulnerabilities and exposures (CVEs).
- Develop security standards for new software procurement referencing *Executive Order 14028*, multi-factor authentication, software development lifecycle, and FedRAMP compliance.

### Product Management Intern

Oct 2021 - Aug 2022

Tennessee Valley Authority / Chattanooga, TN

- Shepard software requests to upgrade or acquire software for business units in engineering and equipment operations.
- Communicate with vendors to retrieve Cybersecurity documentation regarding encryption, connection boundary, and communication pathways to evaluate security posture.

### Network Security Research Assistant

March 2021 - Oct 2021

University of Tennessee at Chattanooga / Chattanooga, TN

- Developed and tested lab coursework for the Network Security class as well as a workshop of secure scripting in Python.
- Enhanced and documented labs involving tools for network intrusion detection (Zeek), vulnerability discovery, packet analysis and network traffic monitoring (Wireshark).

## EDUCATION

Bachelor of Science    *Computer Science: Cybersecurity*    December 2022  
University of Tennessee at Chattanooga    GPA 3.8

Associate in Science    *Computer Science*    May 2020  
Chattanooga State Community College    GPA 3.7

## CERTIFICATIONS

CompTIA Security+  
CompTIA Network+  
AttackIQ: Foundations of  
Operationalizing MITRE ATT&CK

## TOOLS

Burp Suite    Tenable.sc  
Wireshark    Nmap  
Nessus    Python  
Ghidra    Linux  
Service Now    AWS
